HEALTHY TIPS

As flu season approaches, here are a few tips you can take to protect your child and yourself:

Avoid close contact with people who are sick.

If possible, stay home from work, school, and errands when you are ill.

Cover your mouth and nose when coughing or sneezing.

Washing your hands often will help protect you from germs. If soap and water are not available, use an alcohol-based hand rub.

Avoid touching your eyes, nose, or mouth. Germs can be spread when a person touches something that is contaminated with germs.

Cleaning countertops, handrails, and doorknobs regularly can help prevent the spread of some illnesses.
